

SMOKING CABIN SPACE

SMOKING CABIN

The smoking cabin Espace is ideal if you want the smokers and non-smokers to stay in visible contact with each other. The combination of intensive air cleaning and the odourless storage of ash and cigarette ends ensures that the surrounding area remains free from annoying smoke and smells.

The smoking cabins are flexible in size and equipped to fit any interior. For situations in which smoking is only allowed in enclosed areas, the smoking cabin can be mounted with sliding doors, optionally with a self-closing mechanism. When dealing with a frequently visited public area the **Espace PA (Public Area)** is suitable with its double ashtray (large) with matching ash container its, adjusted start/stop system, and its gas oxidation filter.

CONFIGURATIONS

The smoking cabin Espace is available in the following configurations:

Espace	smoking cabin with filter cabinet, table top and 1 odourless ashtray (small)
Espace PA	smoking cabin with filter cabinet, table top and 2 odourless ashtrays (large)

TEST CERTIFICATES

Tested by renowned institutes like ECN and TÜV. BG-prüfzert mark by BGIA for smoking cabin configuration with and without sliding doors.

DIMENSIONS

Smoking cabin Espace	
Dimensions	2200 x 1715 x 2165 mm
